Low-profile, easy-to-use nylon zip ties

ABA cable ties combine superior tensile strength and long-lasting quality with the market’s lowest profile. Highly versatile, they are the first choice for virtually any medium or heavy-duty application requiring a good-looking, high-quality zip tie. They are also safer than standard ties.

Advantages at a glance

- Exceptional functionality, strength and safety
- Snug-fitting, good-looking and safe, ABA cable ties bring a wealth of positive benefits to installers and users alike.
- Very easy to install. No special tools are required. Any pair of dikes or industrial application tools can be used. Ties can also be tightened by hand.
- Made of 6/6 grade nylon, ABA cable ties are very resistant.
- Working temperature spans -40°C to +85°C, permitting use in a wide range of environments.

Typical applications

- Industrial
- Wire harnessing
- Automotive
- Marine
- Computer components
- Outdoor access platforms
- Racks and store fixtures
- Show cars
- Camping
- Cycling
- Playgrounds

Materials

- Made of 6/6 grade nylon

Lowest profile nylon tie available today

Flexible head design easily flexes around tubing or bundled wiring

No sharp cut-off edges to injure the user

Tamper-proof pawl located under the tie’s head

Typical applications

- Industrial
- Wire harnessing
- Automotive
- Marine
- Computer components
- Outdoor access platforms
