

- 1 "U" slot to accommodate diameter differences
- 2 Dimple on the inner sleeve to engage with the outer band
- 3 Patented gasket

Joining exhaust system components

The NORMACONNECT® Euro Coupler is an effective way to join exhaust system components without the need for pipe flares/slip joints or slotting. This clamp offers superior clamp load capability and a serviceable joint. Allows for quick assembly and service of exhaust pipes. It provides significant resistance to longitudinal and rotational movement of pipes.

Advantages at a glance

- No need for pipe sizing or slotting
- Patented gasket with proven sealing ability to reduce leak rates
- Preassembled unit – easy, reliable installation
- Superior clamp load capability

Applications

Effective way to join pipe to pipe connections of same diameter in an exhaust system.
