

NORMACONNECT® EuroCoupler

Pipe to pipe connection of an exhaust system without the need for sizing or slotting

- ✓ Used as original equipment in vehicles of major manufacturers such as VW, Audi, Jaguar, Opel etc.
- ✓ Patented gasket with proven sealing ability reduces leak rates
- ✓ Inner sleeve orientation is locked by an engagement feature, improving sealing effect
- ✓ A "U" slot helps EuroCoupler accommodate diameter differences between mating pipes for improved joint strength
